

**TEXAS DEPARTMENT OF HEALTH  
AUSTIN TEXAS  
INTER-OFFICE**

**TO:** Regional Directors  
Directors, Local Health Departments  
Directors, Independent Local Health Agencies  
Director, Office of Public Health Practice

**FROM:** Linda Brumble, Director **{original signed}**  
Training & Technical Assistance Division  
Bureau of Nutrition Services

**DATE:** December 13, 2002

**SUBJECT:** Training and Technical Assistance Liaisons

---

In order to provide local agencies excellent customer service in the areas of training and technical assistance, the Training and Technical Assistance (TTA) Division has assigned staff nutritionists a number of local agencies to assist personally. TTA liaisons will work with their designated local agencies on issues referred to them by the quality assurance monitors such as the need for training on clinical management and certification procedures. TTA liaisons will also answer any questions local agencies have about the need for training or technical assistance, will be available for individualized training sessions at their designated agencies when requested, and will refer to other trainers within the TTA Division when a topic requested falls outside their area of expertise.

Attached is a list of local agency numbers with Training and Technical Assistance liaisons designated. If you have any questions about the list or the duties listed above, please call me at (512) 341-4400 extension 2269 or call your liaison at the same number with the extension listed by her name.
